

# **Birds of the Chambal**

2013-11-08 10:04 by Victoria Singh

## **2 - 4 October Exhibition at Kota Art Gallery**

During the opening day of the photographic exhibition we held art activities and continuously screened "Rolling Hills of Thar" by the Bedi Brothers about how they film wildlife in Rajasthan from a hot-air balloon. We were delighted that Rakesh Vyas was able to talk to us about his book "Birds of Rajasthan" on 3<sup>rd</sup> October. On the final evening we showed the Bedi Brothers' enthralling documentary "Corbett's Legacy" to an attentive audience of mainly young people.

The exhibition was visited by families, school groups and individuals. The response to the participative idea was positive and we have announced that next year's exhibition to be held in Wildlife Week will be on the theme of local insects and birds.
