... from Australia with a Kota connection

The British Cemetery had a very special visitor on 22nd February, 2019. Cyndie Morris is the Gt. Gt. Gt. niece of Major Burton who was buried in the graveyard in 1857. She came from Australia with her husband to visit her ancestor's tomb. He was killed along with two of his sons during the uprising in Kotah. The Maharao was kept prisoner in the Garh until April 1858 when the siege was broken.
