British Cemetery Project

2012-06-17 11:32 by Victoria Singh

Tim and Veronica Stanley, and Yvonne Logan, have joined Frank Hancock in supporting further development of the British Cemetery. Under Phase 1 all the graves are being restored. This will be completed in July 2012. Phase 2 is the design and execution of landscaped gardens.

There will be before and after pictures available to members.

We have offered to provide names and inscriptions of the graves to *Families in British India Society* (FIBIS).
