People's Archive of Rural India will be working with us and archiving publishable material. The DNT report is already on their website [www.ruralindiaonline.org](http://www.ruralindiaonline.org). PARI was founded in 2014 by P. Sainath, former rural affairs editor of *The Hindu* newspaper and much awarded journalist.

The link to the DNT Report on the PARI website to share with a larger network is [here](#).
